UNION STOCKY	ORDS.	INDIANAPOL	IS Feb

15.-Hogs-The receipts of hogs to-day were very fair for Monday and although not much larger than a week ago, there were fully twice as many as a year ago. As usual there was almost a complete variety represented, and the quality and condition of the offerings was good. The market opened with local packers practically the only buyers in the field and they were rather inclined to expect some concessions on account of reports from other places. Salesmen asked steady prices, and the trading at the start was only fairly active and dealers were slow in arranging terms. Later in the day shippers received a few orders, which stimulated the demand a little from packers and finally the trading was fairly active. Practically all dealers reported the market steady to 5c lower than Saturday, and it was generally admitted that sales of all kinds of hogs to-day were at practically the same prices as those prevailing at the close Saturday. Although shippers bought a very small proportion of the supply a good clearance was made and the market closed steady at opening prices. Sales ranged from \$4.90@5.40 and the bulk of the supply sold at \$5.16@5.30. Quotations: Good to choice medium to heavy\$5.20@5.40

Cuttle-As usual at the beginning of the week a small number of cattle were received for the | yard and fed calves, \$3.50@4; coarse Westerns, market to-day, but with a few carried over from last week the supply on sale was fully as large as required for Monday. As usual at this time in the week there were not as many buyers in steady; lambs in fair demand; top grades firm; the field, but practically all local houses were represented. The demand was not urgent from any source or for any kind and buyers depended a great deal on advices from other places. Most the offerings were butcher grades, and, although there was hardly any competition, sales were usually considered steady compared with the close of last week. Odd bunches of steers averaging around 1,000 up to 1,200 lbs sold at \$494.25 and 200-lb feeders around \$3.50. Heifers sold from \$3 to \$4, cows from \$2.25 to \$3.85, bulls from \$3.15 to \$3.75 and calves from \$3.50 to \$7.50. There is more or less speculation as to future conditions of the cattle market. Sheep—There were not enough sheep or lambs arrived to-day to indicate the condition of the market for any grade. As usual under such circumstances there is no change or improvement to report compared with the close of last week. The opinions of dealers at this time in the week are governed largely by reports from other places, and it appears that most of these to-day are favorable to at least steady prices. Of course, it cannot be foretold the extent of the demand, but there is very little doubt that normal supplies can be handled at satisfactory prices. Quotations:

Live Stock Notes.

For an extreme light kind hogs sold as high as \$5.15 yesterday, but \$5.16 was virtually the top 46%c; July, 46c; cash, No. 2 mixed, 43%c; No. 2 for choice kinds, and there were several loads at that price. Less desirable light hogs sold from \$4.95 to \$5.05 and heavy pigs as low as \$4.90. + + +

The top price for good heavy hogs yesterday was virtually \$5.35 and none of the regular buyers would pay over that price, but late in the day a speculator paid \$5.49 for two loads of 43c. Rye steady; No. 2, 64265c. Lard firm and bigher at \$7.0214. Bulk meats quiet at \$6.8714. fancy selected hogs. Loads of hogs averaging higher at \$7.0214. around 200 lbs and upwards, that were reasonably well shaped, sold at \$5.2095.50, and loads averaging as low as 190 lbs sold as low as \$5.10. + + +

There are a number of cattle dealers who be-Heve the low period in this market has been passed for the present. While they are not expecting any great improvement they will be surprised unless fully stendy to strong prices are realized. It does not appear that there will be an extraordinary demand for steers of any kind, but the conditions are generally favorable to the market for female butcher cattle.

+ + + The actual receipts of stock last week show | Corn-Spot firm; American mixed new, 4s 24d; an increase of 8,334 hogs and a decrease of 450 American mixed old, 4s 65d. cattle and 827 sheep compared with the preceding week and an increase of 19,583 hogs, 1,670 cattle and 225 sheep compared with the corresponding week a year ago. The cattle and sheep markets were stendy at last week's closing prices, and the hog market was about the same as Saturday's close,

THE COTTON MARKET.

NEW YORK, Feb. 15 .- The cotton market opened quiet at a decline of 5 to 12 points on liquidation and room-selling in the absence of bull support. Cables were a little below expectations, and receipts for the day were rather heavier, and there was further expectation of European complications in the far Eastern

These factors seemed to restrict outside buy-

ing orders, and later the heavy estimate for Houston excited a bearish influence, so that prices | city. continued to work downward until shortly after well-directed bear drive brought about heavy liquidation, while sentiment was further unsettled by rumers of disagreement among New Orleans bull leaders. The report of the Census Bureau also had a bearish effect on sentiment, showing that the average weight of the bales was about 20 lbs in excess of last year's. Trading was not more than moderately active, even on the break, but there seemed little or no demand except for

shorts taking profits, and the market closed at the bottom, a net decline of 45 to 109 points, with the tone weak. At the lowest July sold at 12.93c, closing at 12.92c bid, this being the lowest point reached since the downward movement began, about two weeks ago, and which has carried the July option down from 17.55c to to-day's price, a loss of about 460 points.

It is reported that a strong bear clique has been formed under the leadership of a prominent Wali-street operator who has not been active since about this time last year, and the operations of this party were believed to be, in some measure, rezponsible for the day's declines. Sully was present, but appeared to be taking no active part in the market, with rumor circulating that he was selling quietly throughout the entire ses-

Profit accruing to T. H. & I. R. R. Company\$28,642.13

Attempt to End Rate War. The executive officials of Western lines have taken the Western grain rate war in

hand with a view to applying rigorous measures to restore harmony and normal tariff. At a preliminary meeting held on Saturday, presided over by Paul Morton, of the Big Four, when in San Antonio, en second vice president of the Santa Fe. a committee was appointed with full power now superintendent of the International & to act. This committee, of which A. C. included, 28@30c. Cheese steady to firm at 10@ Baird, traffic director for the Gould lines, is director, is to take steps to end the war. Board of Trade to-day at 26c per lb. an advance | President Stickney, of the Chicago Great Western, is to be asked to attend the conference. There is hope, however, of inducing Mr. Stickney to abandon his efforts to establish a grain market at Omaha, but it on Saturday completed an inspection of is hoped that the effort will result in in- the terminal. As a result new yards will be ducing the interests which are apparently fighting this project to view the matter in a different light. Having built a line to Omaha, the Great Western naturally desires to tracks of the new terminal road connectparticipate in the tonnage from the Mis- ing with the Cincinnati, Hamilton & Daysouri river territory and the roads having through lines from points west naturally do not like the prospect of dividing the

Becoming an Important Auxiliary.

J. W. Midgely, manager of the bureau of car performance and statistics, says still is satisfied that there are several roads more extensive is the Central Railway clearing house managed by William Nich- part he had never heard either President olson at Buffalo. In his office they handle | Cassatt or Vice President McCrea mennot only the interline freight cars from the several roads comprised in the New York Central system, but also their settlements with connecting lines. So pronounced have been the benefits of this institution that, though started less than Twenty-Seven Transfers Made a Mathalf a dozen years ago in a small way, it has assumed vast proportion and promptly adjusts the debits and credits in a single trial balance between the several parties. It is an unqualified success.

Pennsylvania Pensions. Statistics compiled by the pension department of the Pennsylvania show that in four years the organization has been in operation \$1,224,087 has been expended for the relief of those entitled to consideration. These expenditures do not include the cost of operation, which is paid by the company. In the four years operation of the pension plan 22,126 employes have been retired as pensioners of the company. Of these 527 have died. Of the total number retired, 426 were between the ages of sixty-five and sixtynine. Of the total number retired, 348 were retired on their own request and with the approval of the employing officer.

Big Colonization Plan. The land and industrial department of the Southern Railway and Mobile & Ohio Railroad has announced at Washington an important land purchase in Alabama for development and colonization purposes. A syndicate of Iowa, Illinois and Arkansas capitalists has purchased at Yellow Pine, Ala., mills, forty miles of railroad and 60,000 acres of land. The lands are valuable for fruit raising and agriculture and the syndicate has perfected plans to settle them with Northwestern farmers as the timber 15@171/c; heavy fine, 12@141/c; tub washed, 20@ is cut. Several thousand acres are now available and colonization will be started at

Big Wabash Railroad Mortgage. The Wabash Raifroad Company has filed with the recorder of deeds at St. Louis a mortgage to cover a \$10,000,000 issue of bonds for the new world's fair improvement and terminals. The mortgage is in favor of the Bowling Green Trust Company and others, trustees for the bondholders, to protect first lien, fifty-year, 4 per cent, terminal gold bonds, and covers property terminals, franchises, etc., of the company.

Personal, Local and General Notes. R. D. Hughes, general superintendent of the American Express Company, is in the

C. E. Horton has been appointed soliciting freight agent of the Queen & Crescent, with headquarters at Atlanta. The Harriman lines have placed orders for 53,000 tons of heavy steel rail, but de-

cline to give the figures at which the order was placed. Official notice is given of the appointment of Percy W. Pummill as representative of the Northern Pacific at Indianapolls, vice John Turner, resigned.

M. Hayes, president of the Grand Trunk, announces that St. John, New Brunswick, will be the Atlantic coast terminal of the Grand Trunk Pacific. George Owens, local freight agent of the Nashville, Chattanooga & St. Louis at Nashville, who resigned, will go to Paducah as manager of an insurance company.

Two model postal letter cars for service on through trains were turned out last week from the Pennsylvania shops at Altoona for use between New York and St. Louis. The Cincinnati, Hamilton & Dayton now has in service 184 locomotives, 8,936 freight cars, 151 passenger cars and eighty misecliancous cars, making a total of 9,167 cars. Henry Clay Pierce, chairman of the board of directors of the Mexican Central Railway, passed through the city on Sunday over the Panhandle in his private car Za- the stock then outstanding. Thus the dividend mora.

On Saturday the official report showed that the Pennsylvania was holding 4,000 loaded cars to go to New England points reached by the New York, New Haven & Hartford. Baltimore & Ohio officials have notified

general freight agents of Indianapolis lines of a dollar for betterments and a dollar for that their joint tariff and percentages dividence is to be held to, it will be necessary were destroyed in the fire, and that they would like to have copies of the same as soon as practicable. The Missouri, Kansas & Texas announces

that its extension from Oklahoma City to Parsons, Kan., has been completed and that Jacob Gurlach has been put in charge of the city ticket offices at Oklahema. length of the extension is 200 miles. The Baldwin locomotive works has sesured contracts from Japan for twenty locomotives for use on the Seoul-Fusan Railway in Korea. This is a military line to support the advance of the Japanese army. her merchandisc exports have increased and her
